

# Silvermoon Player's Guide

# What are Silvermoons, and how do I get them?

Silvermoons are reward points available to players who participate in GCT Bushido sanctioned events. Players will accumulate Silvermoons to spend on unique items, experiences or opportunities. Most rewards available are unlimited but some of the more expensive are limited so be quick to save up and claim them. When a player participates in a GCT sanctioned event there will be a number of Silvermoons available to the participants; the exact breakdown is dependent on the type of event and the level of achievement e.g. players will be awarded a number of Silvermoons based on their placing in a tournament, playing with a painted Warband or at conventions for playing new players in The Dojo. The ways players can collect Silvermoons are varied and the amount some can accumulate really depends on the player's dedication to completing the achievements.

## How do I claim my rewards?

At the end of GCT Sanctioned events the Retainer or GCT staff running the event will record Silvermoons accumulated during the course of the event on a player's Warband Record sheet or Dojo Record Sheet. These Record sheets will then be sent on to GCT to update a player's Silvermoons Record through their user account at www.Bushido-thegame.com. Players must have an existing account in order for it to be credited and players will only be able to accumulate Silvermoons once an account has been registered, Silvermoons cannot be back dated. Silvermoons will be logged within 28 days of receipt of the Events Record sheet(s). Silvermoons cannot be shared nor transferred between accounts. Silvermoons have no cash value.

Once a player sees that their Silvermoon total has been updated they can claim the reward by purchasing the reward from the Store and adding any required information. Players will then receive a confirmation email, their account will be deducted the Silvermoons and the reward issued. Players without the required Silvermoons will not have their rewards issued.

## What are the rewards available?

Awards can be found on the Bushido-thegame webstore and you should check the Silvermoon Rewards section on the site for new rewards periodically, as we will endeavour to continue to add more interesting and excited rewards over time.
